ABOUT US

hpG was born out of a desire to create a truly client focussed management solutions agency with a strong creative twist. The teams were picked because of their obsession with the industry and their excellent experience and dedication to events.

We. Walk. The. Talk.

Many companies talk about their culture and values. We prefer to let our people do the talking in the way they serve and respond to our customers every day.

Yours. Ideas.

We combine your big ideas with our professionalism, add a generous dash of innovation, and then bring all the details together, using our thorough and methodical approach.

We. Listen.

We start by sitting down with you to understand the objective of your event and we then help you achieve this by providing creative, exciting and 'spot on' solutions.
